EDUCATION

• Sushila Devi Bansal College Of Technology

Bachelor of Technology, Computer Science and Engineering **CGPA: 8/10**

Indore, Madhya Pradesh

June 2020 – June 2024

EXPERIENCE

• Young Decade IT Software Solution

Front-End Developer (Flutter)

Indore, Madhya Pradesh

October 2024 – May 2026 (Full-time)

- Designed and developed fast, responsive, and visually appealing mobile applications using Flutter & Dart. Worked on multi-platform compatibility, ensuring apps run smoothly on both Android and iOS.
- Collaborated with backend developers to build end-to-end solutions, handling authentication, integration of RESTful APIs, real-time data, and push notifications.

PROJECTS

• DriProFit App 📄 | Tech Stack: Flutter, Dart, Nodejs

- Developed a multilingual gym coaching app that supports English, French, and Arabic.
- Implemented weekly exercise plans with detailed descriptions, reference images, and instructional videos.
- Worked on API integrations to fetch exercise data and manage user progress efficiently.

• Whielo App 📄 | Tech Stack: Flutter, Dart, GetX, RestAPI, RazorPay, Firebase, Nodejs

- Implemented an end-to-end vehicle service booking system, allowing users to schedule various car maintenance and repair services.
- Built a real-time service tracking workflow, enabling customers to monitor every stage of their vehicle's service.
- Integrated secure online payment functionality for seamless service transactions.
- Integrated 1-to-1 real-time chat using Firebase Cloud Firestore + Realtime Database for seamless messaging.

• Bookmyglam – Customer & Beauty Apps 📄 | Tech Stack: Flutter, Dart, RestAPI, RazorPay, Google Maps/Location Services, Firebase, Nodejs

- Developed a dual-app platform with separate Customer and Beautician applications.
- Built a location-based beauty and wellness service booking platform, enabling users to discover and book nearby salons, spas, massage therapists, and beauty professionals.
- Implemented appointment scheduling with support for selecting services, preferred date, time, and service provider.
- Consumed REST APIs for authentication, booking management, payment processing, and service listings.

TECHNICAL SKILLS

- **Languages:** C, Java(Core), HTML5, CSS3, Dart
- **Frameworks:** Flutter (for UI Design, iOS & Android App Development), ExpressJs, NodeJs
- **Tools:** Git, GitHub, Postman, VS Code, Android Studio, IntelliJ IDEA, App Deployment(iOS, Android).
- **Databases:** Firebase, Local Database.
- **API Integration:** Push Notifications, Google Maps API, Payment Gateway Integration, Social Media Login (Facebook, Google, Apple, etc.), Deep Linking.
- **Other Skills:** GetX and Provider State Management, MVVM Architecture, App Localization, App Publishing on Google Play Store and Apple App Store

ACHIEVEMENTS / CERTIFICATIONS

Achievements

- Solved 570+ problems on different platforms
- 4-Star in Java on Hackerrank

Certifications

- Java Basic Certification by [Hackerrank](#) 📄
- Flutter Certification by [Simplilearn](#) 📄
